### CLARESHOLM LOCAL NEWS

Born, March 12, to Mr and Mrs. Frank Sylvester, a son.

Invitations are out for the Odd Fellows' annual "At Home" on March 16th.

On account of the bad weather Friday night from New Westminster to Monday, March 16.

The Nazarene church, at their annual business meeting, gave Rev. J. A. Tench a call for another year.

John Anderson returned on last Friday night from New Westminster, B. C., where he spent the winter months.

Services will be conducted in St. John's church on Sunday next, morning and evening, and Sunday school at noon in the Parish Hall.

The Odd Fellows' dance on Wednesday night was a very enjoyable affair. First class dance music was furnished by Colman's Melody Makers.

On account of the stormy weather the annual exhibition of cooking, sewing, etc., at the School of Agriculture has been postponed to Monday next.

On Monday, in St. John's church, Rev. W. C. Marsh officiating, the marriage was solemnized of Harry Herbert Gordon to Mrs. Ethel May Skelton, both of Claresholm.

A. E. Remions will hold an auction sale at the Vanhorn livery barn on Saturday, March 21st. Twelve sets of heavy work harness, new (bankrupt stock). Also a bunch of horses. See poster next week.

A. Westersund, two miles south-west of town, will sell all his horses, cattle, poultry, farm machinery, household furniture, etc., by public auction on Thursday, Mar. 19, starting at 10:30. The material is in exceptionally good shape. A. E. Remions, auctioneer.

On next Sunday, March 15, in the afternoon, in the Methodist church, a funeral service will be conducted for Willie Dahlbin, who died on February 10. Rev. Geo. Bellow of the Adventist church will conduct the service, assisted by Rev. M. Hillier. Mrs. Atkinson will sing.

Faber, Alta., March 5.—A change has occurred at the Alber hotel. Though still owned by Geo. Wright, the hotel has been placed under management of J. B. Boese, late of the Silver Grill Lethbridge, who will open the dining room and conduct a general hotel business. The family of Mr. Boese will remove to the premises.

Pine Coulee Recreational Committee will present the four act comedy drama "Who's Guilty?" in the Rex theater, Claresholm, on Tuesday evening, March 17. An evening of real enjoyment is assured to all who attend. This will be the second appearance of these talented players at Claresholm. Those who attended their first play speak highly of it. See their announcement in another column of this paper.

There will be two Lenten services held in connection with St. John's church on Wednesday next. That for the children will be held in the Parish Hall at 4:15 p.m., and the one for adults in the church in the evening. The last of the special addresses on the history of the church will be given, illustrated by lantern slides and giving the story from the Reformation to the present day. These services have been attended by splendid congregations and all are cordially invited to attend on Wednesday.

At a meeting of the cemetery committee at which all the members attended, being Mrs. H. R. Smith, Mrs. G. C. Brown, G. W. Ruggison and J. R. Watt, progress was reported for the past year and the treasurer stated that there was a balance in hand with which to commence the work for 1925. It was resolved to obtain 1000 Canadian plants besides trees and grass seed. It was also decided to have a "bee" at the cemetery on the day of the Wednesday half-holidays. Mrs. G. C. Brown arranged to canvass the town lot-holders for subscriptions for maintenance and Mrs. Smith those in the country.

### Tennis Club Dance

The Claresholm Tennis Club will hold another big dance in the I. O. O. F. Hall on Friday night, March 20. Colman's Melody Makers five piece orchestra will furnish the music. Dancing from 9 o'clock to 2:30. Refreshments will be served.

"The Temple of Venus" with Mary Philbin and 1000 American Beauties, at the Rex theater on Friday and Saturday nights this week. This picture was produced at Santa Cruz Island, Pacific Ocean. It's a Fox picture.

## Let Us Think Nationally

Can the people of Canada be taught to think nationally, and act as a national unit, instead of regarding themselves as citizens of nine separate and distinct Provinces concerned chiefly with the solution of their own problems and urging their own policies and more or less indifferent to the effect on the rest of the Dominion?

The people of Great Britain have long thought in terms of the Empire, even of the world, rather than of their own little Isle, and in the several States of the United States, despite their insistence that State rights be respected, the people think and act as citizens of the Union rather than of the individual States. Perhaps we are just very young as a confederation, and also because as a people we are so few in number scattered over a narrow strip (thousands of miles) across a continent, Canadians have not so generally adopted the attitude of thinking and acting nationally.

What, for example, does the *guy* resident on these Western prairie homes or care about the vital problems confronting the people of the Maritime Provinces? Would the West be willing to forgo the adoption of a policy which would mean a large measure of development and prosperity for the Maritime Provinces? At the same time it meant adversity and loss to the Maritime Provinces? And would not the manufacturers and workmen of Ontario and Quebec have to pay the adoption of any policy which meant millions to them even though it might spell disaster for these Western Provinces?

Canadian farmers are generally supposed to have lower Customs tariffs and to regard the policy of protection as inimicable to the best interests of the Dominion as a whole. Nevertheless, a few days ago a representative convention of Quebec farmers demanded the placing of duties on certain products in order to protect themselves regardless of the effect on the great body of Canadian consumers. At the same time they declared in favor of an export duty on pulpwood in order to force manufacturers in Quebec and thus create a larger home market for themselves, and finally rejected an appeal made to them that the adoption of such a policy would mean hardship and ruin for countless farmers in other Provinces who were dependent on the export market for their pulpwood.

In the manner the British Columbia fruit growers demand tariff protection in order to keep United States fruit out of the Pacific market. Niagara fruit and vegetable growers take the same attitude, and seemingly do not care one jot if, as a result of bettering to themselves, all Canadian buyers of fruit and early vegetables must suffer.

And the Western wheat grower, who would he modify his demand for free agricultural implements if it was proven conclusively that such a policy would ruin him for the Canadian implement industry?

These questions are asked wholly with the object of leading Canadians to think for a moment on their own attitude to their common country. Admittedly all sections have made sacrifices in the past in order that the whole might benefit, but has not some time elapsed and consideration should be given to the question of sacrifice? And through no real patriotic desire to advance Canada and build up and develop a really strong and great country?

Canadians of all classes in all parts of the Dominion are willing to sacrifice for Canada in times of war. Is it not possible to so imbue our spirit with love for Canada that they will voluntarily display the same spirit for Canada in times of peace?

Unquestionably there is great need for unity of thought and action, nation at unity, in this Dominion today. Never was the need more manifest or quite so pressing, but, unfortunately, instead of the lines of cleavage and division gradually disappearing, they are becoming wider and more accentuated. A time when the old racial and religious feelings and bitterness is being dispelled here in Canada we seem to be replacing it with provincial and economic differences which are apt, unless quickly checked, to retard future development just as old and old and old and old.

Canada is a big country in every way. It is big in territory, big in the wealth of its natural resources, big in its possibilities, big in its manifold and unbounded. But in its national unity it is small. Its people, its views and broadnesses are in some of those things which are essential to national greatness.

Individually, the citizens of Canada should strive to cultivate the habit of thinking nationally, then the exhibits that build constructive policies and actions on national lines will automatically and quickly follow.

### No Original Stonework Left

Stone by stone the decayed exterior of Westminster Abbey has been replaced until there is scarcely an original patch of stonework left, said Mr. Lawrence E. Tanner in a lecture before the surveyors' institution. The work began in the 17th century, owing to the ravages caused by the London atmosphere, and had continued since. "Extremely the church is a copy—made by six successive faithful to the original," said the lecturer.

### Engraving Is Old Industry

Engravings on signets is mentioned in the Book of Exodus XXVIII. "With the work of an engraver in stone, like the engraving of silver." Engraving on plates and wood began about the middle of the 18th century. Engraving on glass was perfected by Bourcier of Paris in 1769. The earliest date known of a copperplate engraving is 1161. Etching on copper by means of "acid" was in use as early as 1522.

Captain Smith of World Fliers Presented With \$200 Machine. Captain Lowell H. Smith, commander of the American round-the-world flight, has been given an airplane to add to the various gifts and memorabilia he has received since he and his fellow aviators started the globe.

### Earl of Oxford and Asquith

Herbert Asquith Has Decided On His New Title. Herbert Asquith, recently raised to the peerage, has decided to assume the title of Earl of Oxford and Asquith, a compound, or dual one, not rare in nomenclature of British nobility. The title is an entirely new one and in no way an extension of the old title, Earl of Oxford. He will use both titles in his signature.

### Neuralgia Conquered Its Pain Destroyed

Magical Results Come When You Apply **NERVILINE** It Acts Quickly. Mr. W. T. Greenway, formerly connected with the cable newspaper staff, writes: "For twenty years I have used NERVILINE in my home, and I can testify to its efficacy. As a remedy for all pain, neuralgia, rheumatism, headache, indigestion, I know of no preparation so useful and quick to relieve as NERVILINE. Recently I suffered from neuralgia in the pain, but on NERVILINE, and the pain promptly retired—55c at a dealer's."

### Elimination Of Rust Menace Very Important

Dr. J. H. Grisdale Places Loss Last Year At \$20,000,000. Dr. J. H. Grisdale, deputy minister of agriculture, states that the most important work being undertaken in Canada is rust research. Last year the farmers of the west had lost \$20,000,000 from the rust menace, and he said a systematic research into the whole question was now planned with the hope of ultimately discovering a "rust immune" in rust, and wheat of the same time contains the desired rusting properties, in addition to being able to survive rust.

### A HAPPY CHILDHOOD IS A MATTER OF HEALTH

Little children quickly get out of sorts but by prompt treatment they can just as quickly be "put right again." Most of their troubles arise in the digestive tract, and the best remedy is that which is a good clearing out of the system. Mothers, why not let Baby's Own Tablets help your children well. Unlike that irritating, rash feeling caused out as ordered by most children, Baby's Own Tablets are pleasant and their action, though thorough, is gentle and does not disturb the baby or the growing child. Baby's Own Tablets are a never failing remedy for colic, constipation, indigestion, thus they break up colds and simple fevers, expel worms and make the teething period painless. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### Bargain Sale Rush

Six Women Taken to the Hospital Suffering From Injuries. British women take their bargain sales even more seriously than women in the United States. "At 5 o'clock in the evening, a hundred women were lined up before the door of a small West London department store which had advertised such a sale. At 5 o'clock there were 200 in line. At 5.20 the doors were opened and the enthusiastic women rushed the main entrance. Huge plate glass windows were smashed. The would-be customers 10, scratched and belabored each other with umbrellas. An ambulance, used as women in a hospital."

A workington's clubhouse will be built near Yukonville, with a fund of \$20,000 now contributed by citizens of the city at the time of the earthquake. The building will be "earthquake-proof."

There may be other coin removers, but you will not be completely satisfied until you have used Holloway's Coin Remover.

### Presents Grain Report

The voluminous report of the royal commission inquiry into the grain trade, tabled in the house by the minister of trade and commerce, is an exhaustive treatise of the grain trade from the time the crop leaves the farm until it is exported. An appendix by Mr. Justice W. F. A. Turgeon, Chairman of the Royal Commission, which was presented its report on the grain trade.

### Propose Export Duty On Wheat

Recommendations of Grain Commission In Voluminous Report. Responding to a statement by the new French ambassador to the United States, Emile Dueschier, that the "material debt" of nations as well as their debts of gratitude must be paid, President Coolidge declared that the United States already had discharged the debt of gratitude owed France as a result of French aid in the American revolution. Referring to the United States participation in the great war, the president added that thus had the debt of gratitude been paid, but "both governments should experience deep satisfaction in their solidarity that material debts shall also be discharged."

Freedom From Asthma. Asthma is one of the most distressing troubles, in its attacks and prolonged in its agonies. Frequently many things are tried, but nothing seems to give hope of relief. Dr. J. D. ### Britain Increasing Air Force

Will Bring Expenditures to Over Nine Million Pounds. Due to the plans for extension in the British air force, including a new squadron for home defence, the air ministry will seek sanction for an increase of £1,000,000 in appropriation for the coming financial year. The increase calls for the creation of six or seven new squadrons, each with a complement of 250,000 men, which will bring up the ministry's expenditures to approximately £19,500,000.

### Midway Attractions At Fairs

Western Canada Association of Exhibitors. Midway shows for class "A" Western fairs will be supplied by the Ruben and Cherry Company, of Montgomery, Ala. This decision was reached by the attraction committee of the Western Canada Association of Exhibitions, which met at Edmonton. The carnival shows for the class "B" fairs will be provided by the Gas Box Company, which had the contract last year.

A decision to have an out and out running horse meet at Edmonton, Calgary and Saskatoon was made by the race committee of the Western Canada Association of Exhibitions. It was also decided to recommend that the aluminum prize be \$200.

Manitoba Government to Aid Farmers. Encouragement of co-operative marketing organizations, survey of the natural resources of the province, and reforming stump or timber cut problem, were forecast by the Lieut-Governor in his speech from the throne at the opening of the Manitoba Legislature recently.

**Nazarene Church Announcements**  
Owing to the storm on Thursday, Henry Rhinehart's sale was postponed to Saturday afternoon, March 14.

The M. McKellar Mission Band of St. Andrew's church will serve tea in the Presbyterian Hall on Saturday, March 21.

Mrs. F. E. Foster, six miles east on Woodhouse road, will sell horses and other stock, farm machinery, harness, household furniture, etc., by public auction on Tuesday March 17. R. W. Jell, auctioneer.

The Nazarene Y.P.S. will meet in the church on Friday evening March 13, at 8 o'clock. The evening address will be given by Mrs. Touch. The service will be short, and the yearly business meeting of the Y. P. S. will follow. All members are asked to make a special effort to be present.

March so far has averaged cold and stormy. The past week two blizzards have visited this section of the province, on both occasions followed by a big drop in temperature, to 6 below zero on the morning of the 10th and 24 below on the morning of the 13th. The fall of snow during the two storms was approximately five inches, which is mostly piled up in drifts.

The Gramum Theatrical Society will present the four act comedy drama, "You Can't Keep a Good Man Down," in the Rex theatre, Claresholm, on Tuesday evening, March 24. The proceeds are to go toward the Gramum skating rink fund. Many will remember the play "Deacon Dubbs," shown here by the same organization a year ago. "You Can't Keep a Good Man Down" is said to be even better than "Deacon Dubbs." It's recent appearance at Gramum was very successful. All who attend are assured a good evening's entertainment. Admission prices, adults 75c, children 25c.

**Methodist Church News**

"Is Your Heart Growing?" will be the morning theme of the pastor next Sunday, March 15, at the 11 o'clock service.

In the evening at 7:30 the pastor will continue the special series of Sunday evening sermons on "Vital Christian Experiences" with a sermon on "Our Salvation: From What? To What?"

A cordial welcome for all at these services, especially the strangers and newcomers into our midst. Remember that Wednesday evening next, March 18, is the night for the very special moving picture film on "The Chosen Prince" to be shown in the church under the direction of the Extension Department of the University of Alberta. This will be worth while seeing.

**AUCTION BUSINESS**

We think we can get as much for your goods as the best of them.

-If you think we can't, that's your loss—and ours.

Good Morning.

**FRASER & MCKINNEY****AUCTION SALE**

**To be held at the farm of C. S. NOBLE  
one mile east of Nobleford, Alberta**

**Wednesday, March 18th****at 12 Noon sharp****140--HORSES--140****One Reg. Holstein Bull. Also some farm equipment.**

In addition to the 90 horses advertised on the Sale bills posted, I am now instructed to offer another 50 head, or 140 horses. These horses were at right prices during the winter very carefully selected and bought for this large spring sale and they can now be had reasonably. They are the good quiet disposition kind, very different to many of those sold on this same farm last year, and all are ready for hard work.

From this large selection you will be able to choose just the kind you need either single to mate what you have, or in well matched teams.

**70 HORSES--**Are from 5 to 7 years old and weigh from 1350 to 1600 lbs. All of these have worked at least a season, and are well broken.

**45 HORSES--**Are 4 to 6 years old and weigh from 1300 to 1500 lbs. These have all been carefully broken and handled during the winter, and will while doing a good summer's work develop in a way that many of them should double in value and be convertible into cash at any time. It is doubtful if money can be safer invested in anything today than in these quiet young horses.

**25 HORSES--**Are from 8 to 14 years old and weigh from 1300 to 1700 lbs. These are the strong dependable kind that will help to get the work done at the right time and at little cost, and the kind that can be used so well with more young horses.

**HORSES, comparatively,** are the cheapest farm equipment we have, and a large per cent of our losses, and even many crop failures, can be at least indirectly traced to work having been done out of season, and all for the want of more cheap power.

Our land for fallow that has been early disked, plowed and cultivated often produces from 20 to 40 per cent more wheat than land worked later, and this can mean 100 per cent more profit, or even represent all of the profit.

Mr. Noble realizing this, and with most of his land for 1925 crop already seeded to the new M. 22 Karkhoff winter wheat will start his fallow as soon as the frost is out and will use all 12 horse teams and four furrow John Deere plows.

**HARNESS--**At the sale one of these complete outfits together with the Shandona hitch will be arranged to show a very simple, but durable and suitable farm harness newly made to order by the Great West Saddlery. This harness will be supplied at small cost to anyone purchasing horses.
